Dear Sir:

RE: APPRECIATION OF SERVICE

In early July 2006, I had occasion to use Cheque Print Solutions Inc to order two sets of cheques for two different bank accounts, together with an accompanying imprint stamps.

Upon receipt of our ordered cheques, which was within two days of the date of ordering, it became apparent that although I received the cheques that I had ordered, which was identical to the template we had provided, they were not what were required. I had made an error.

We re-contacted Cheque Print Solutions Inc and advised them of our mistake in ordering, and requested that they please provide us with new sets of cheques on the new format provided by us. We would of course pay for our prior cheques, which although we could not use, were exactly what we had ordered.

Within one day, we received a complete new set of cheques for both accounts, and were advised that we would not be charged for the other cheques.

Throughout this transaction, the staff at Cheque Print Solutions Inc were helpful, efficient, polite and clearly motivated to satisfy the customer.

It is therefore without hesitation that I would recommend to any and all the services of Cheque Print Solutions Inc.

Respectfully yours,

KENNETH D. TIGHE
