**Wow!!!**

**Now that's impressive!**

**I was down to my last 2 cheques today, called your office and placed an order for a new batch. When I asked how long it would be, I was told they would be here the next business day. To my surprise I had them in my office before noon the same day.**

**Thanks ever so much! I have learnt now to put the reorder sheet somewhere close to the bottom of the pile for a reminder to myself. Mind you, there are always the reminder calls from your office.**

**Thanks again for your prompt and friendly service, hope you have a great long weekend.**
